

IMAGEPRINT R.E.D. for Windows

Complete Install

1. Confirm that you've received your License Code email, and have the information handy. You'll enter the license code number in Step 8 below. If you installed a trial version and are ready to license, skip down to Step 8.
2. Insert the silver dongle into any free USB port on your computer or a USB hub.
3. Double-click **ImagePrint_Installer.exe** to begin the installation.
4. Read the License Agreement, check the box for "I Agree", then click **Install**.
5. Click **Launch IPSetup**.
6. Click **Add Printer**, then click **Continue** in the next window that appears.
7. Copy and paste the license code number from the email you received during the Activation step. Click **Done**. Your ImagePrint R.E.D. driver will now be listed in the IPSetup window.
8. Close IPSetup by clicking the close (X) button in the upper right corner of the window.
9. Choose to **Quit** to exit the installer, or choose **Launch** to get started with ImagePrint R.E.D. right away.

Whenever you want to use R.E.D. you can start it by clicking your Windows Start Menu and choosing **ImagePrint** from the **ColorByte Software** program group. You can also launch ImagePrint R.E.D. directly from the ImagePrint folder within your "Program Files (x86)" folder.

RECOMMENDED

Before you make your first print, we suggest you read through "Making your first print with IMAGEPRINT R.E.D." located in your IMAGEPRINT folder.

Additional Documentation

The complete IMAGEPRINT manual is a valuable reference for getting the most out of your software. You'll find a copy in the IMAGEPRINT folder (IMAGEPRINT Users Manual.pdf) or by choosing **Manual** from the IMAGEPRINT Help menu.
